About

This indicator is the percentage of citizens who strongly agree that they leave it to doctors or other health professionals to make the right decisions about their health.

Source

Primary Health Survey and Primary Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "strongly agree" by the number of respondents who answered "strongly disagree, disagree, neutral, agree or strongly agree" to the question: I leave it to doctors or other health professionals to make the right decisions about my health.
