About

This indicator is the percentage of students in grades 6 to 12 who have a high or moderate level of resilience.

Source

Student Wellness and Education Survey, Grades 6-12

Calculations

This indicator is calculated by dividing the number of respondents who have a total resilience score higher than a specified cutoff by the number of respondents who described their feelings and ideas for at least 6 of the following 12 questionnaire items: I am able to solve problems without harming myself or others, I know where to go in my community to get help, getting an education is important to me, I try to finish what I start, I have people I look up to, my parent/caregiver know a lot about me, my family stands by me during difficult times, my friends stand by me during difficult times, I have opportunities to develop skills that will be useful later in life, I am treated fairly in my community, I feel I belong(ed) at my school and I enjoy my cultural and family traditions. The response options for these 12 items are: not at all, a little, somewhat, quite a bit and a lot.

Notes

Due to an update of the resilience scale, this indicator has been discontinued. The following indicator(s) are related to this one and can be typed into the indicator search box on our website: SH_REITS_1. Users are advised to exercise caution if comparing data from the community of Grand Bay-Westfield, Westfield, Greenwich Area to other New Brunswick communities. The data for the community of Grand Bay-Westfield, Westfield, Greenwich Area is based on students in grades 6 to 8, while data from the other communities are based on students in grades 6 to 12.
