## About

This indicator is the percentage of students in grades 6 to 12 who reported eating vegetables or fruits 5 times or more the day before the survey.

## Source

Student Wellness and Education Survey, Grades 6-12

## Calculations

This indicator adds the responses to the following 2 individual questions: 'Yesterday, how many times did you eat or drink: Vegetables (for example, fresh, cooked, frozen or canned)?' and 'Yesterday, how many times did you eat or drink: Fruit (for example, fresh, frozen, canned or dried fruits; do not include fruit juice or fruit flavoured candies)?'. The response options for these 2 individual questions are: none, 1 serving, 2 servings, 3 servings, 4 servings, 5 servings and 6+ servings. This indicator is calculated by dividing the number of respondents who have a total combined response of '5 or more servings' by the number of respondents who answered at least 1 of the 2 individual questions.

## Notes

This indicator has replaced SH\_EATFV\_1 starting with the 2021-2022 edition of the questionnaire. Due to a low school participation rate in some areas of the province for the 2025-2026 edition of this survey, survey results are not available for District scolaire francophone Nord-Ouest (school district), Madawaska and North-West Area (health zone), Kedgwick, Saint-Quentin and Grimmer (community), and Edmundston, Rivière-Verte, Lac Baker Area (community). Users are advised to exercise caution if comparing data from the community of Grand Bay-Westfield, Westfield, Greenwich Area to other New Brunswick communities. The data for the community of Grand Bay-Westfield, Westfield, Greenwich Area is based on students in grades 6 to 8, while data from the other communities are based on students in grades 6 to 12. Survey results are assigned to communities based on the location of the school. The community of Grand Bay-Westfield, Westfield, Greenwich Area does not have any schools with grades 9 to 12.
