About

This indicator is the percentage of students in grades 6 to 12 who reported spending 2 hours or less of screen time in their free time, weekdays. This indicator is based on the Canadian 24 Hour Movement Guidelines for Children and Youth.

Source

Student Wellness and Education Survey - Grades 6-12

Calculations

This indicator adds the responses to the following 3 individual questions: Question #1 'Playing games on an electronic device (not including moving or fitness games)? Weekdays', question #2 'Watching TV, movies or videos (including YouTube and similar services) on any type of screen? Weekdays' and question #3 'Using electronic devices for other purposes like: social media, chatting, instant messaging, emailing or surfing the Internet? Weekdays'. The response options for these 3 individual questions are: '0. None at all, 1. About half an hour a day, 2. About 1 hour a day, 3. About 2 hours a day and 4. About 3 or more hours a day'. This indicator is calculated by dividing the number of respondents who have a total combined response of '2 hours or less' by the number of respondents who answered at least 1 of the 3 individual questions, after changing the response scale, to a proportional scale of hours.

Notes

This indicator has been discontinued. The following indicator(s) are related to this one and can be typed into the indicator search box on our website: SH_LSTDA_1. Users are advised to exercise caution if comparing data from the community of Grand Bay-Westfield, Westfield, Greenwich Area to other New Brunswick communities. The data for the community of Grand Bay-Westfield, Westfield, Greenwich Area is based on students in grades 6 to 8, while data from the other communities are based on students in grades 6 to 12. Survey results are assigned to communities based on the location of the school. The community of Grand Bay-Westfield, Westfield, Greenwich Area does not have any schools with grades 9 to 12.
