---	-------------	-------------	-------------

School commute

Commutes actively % 2025-2026	9.9	10.4	9.5
---------------------------------	------------	-------------	------------

Commutes inactively % 2025-2026	77.0	75.1	77.3
-----------------------------------	-------------	-------------	-------------

Mixed (actively and inactively) % 2025-2026	13.1	14.5	13.2
---	-------------	-------------	-------------

Leisure screen time

Has 2 hours or less of leisure screen time per day % 2025-2026	15.0	11.8	11.3
--	-------------	-------------	-------------

Average hours and minutes of leisure screen time per day Number 2025-2026	4.2	4.7	4.8
---	------------	------------	------------

	Community Dieppe and Memramcook	Zone 1 Moncton and South-East Area	Province New Brunswick
Spends 3 hours or more playing games on an electronic device, weekdays % 2025-2026	15.8	22.6	24.6
Sleep			
Sleeps 8 hours or more, weekdays % 2025-2026	78.2	65.6	62.9
Average hours and minutes of sleep per night, weekdays Number 2025-2026	9.3	8.9	8.8
Uses an electronic device before bed % 2025-2026	85.4	85.4	87.0
Uses it 1 to 3 nights a week % 2025-2026	17.2	15.6	14.4
Uses it every night % 2025-2026	55.6	57.7	61.1
Has trouble going to sleep % 2025-2026	47.0	52.0	53.7

Healthy eating

Canada's Food Guide recommends eating a variety of healthy foods each day, including plenty of vegetables and fruits, and to limit highly processed foods. It also recommends to eat without distractions.

Type of food

Eats vegetables or fruits 5 times or more per day % 2025-2026	62.7	59.0	57.3
---	------	------	------

Eating habits

Eats the evening meal with family/guardian(s) or friends, daily % 2025-2026	59.5	51.4	49.3
Eats the evening meal with family/guardian(s) or friends, most days % 2025-2026	75.4	66.1	64.2
Eats breakfast, daily % 2025-2026	52.8	41.5	36.6
Eats breakfast, most days % 2025-2026	66.5	55.1	50.0

Sexual violence

Has been sexually violated % 2025-2026	9.1	10.5	11.6
Victim of dating violence, last 12 months (among those who dated) % 2025-2026	7.3	10.6	12.3

About this Table

Content and description

This table presents data collected from students in grades 6 to 12 through the New Brunswick Student Wellness and Education Survey (SWES). It contains self-reported information regarding the social and emotional development of New Brunswick students in grades 6 to 12. Topics include general health, physical activity, leisure screen time, sleep, healthy eating, and sexual violence.

The questionnaire previously comprised modules, which means that certain questions were asked every other cycle.

Why it is important

Only when we understand who our students are and what their needs are can we better plan for services and allocate resources to meet their health and educational needs.

Availability of the data

The information in this data table is available by school district, school sector and overall New Brunswick, by the seven (7) New Brunswick health zones and 33 communities created by the NBHC, as well as by demographic groups. More information is available on our [New Brunswick Student Wellness and Education Survey](#) page.

Note about demographic groups

In 2023, the NBHC undertook a review of the demographic questions in its surveys to more accurately report on the experience of citizens who identify with particular groups. As such, starting in 2024, all demographic groups (characteristics) have been adjusted to reflect this change. Data tables and indicator pages were adjusted to allow for trending where applicable.
