About

This indicator is the percentage of citizens receiving any type of home care services who rate their mental or emotional health as excellent or very good.

Source

Home Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "excellent or very good" by the number of respondents who answered "poor, fair, good, very good or excellent" to the question: In general, how would you rate your overall mental or emotional health?

Unit
%

Interpretation
Higher is better
