\$25,000 to less than \$60,000	90.1	85.4	86.2	91.8
\$60,000 or more	S	S	S	89.6

### About

This indicator is the percentage of citizens receiving home care services from a home support worker who reported that their home support worker always treated them as gently as possible in the last 2 months.

### Source

Home Care Survey

### Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: In the last 2 months, how often did home support workers do each of the following: treat you as gently as possible?

### Notes

The 2021 edition of the Home Care Survey was conducted during the COVID-19 pandemic. While the pandemic did not influence the survey's response rate, users are advised to use the survey data with caution, especially when creating estimates for small sub-populations or when comparing it to other editions of the survey.
