About

This indicator is the percentage of citizens receiving home care services from more than one home support worker who reported that the staff always seemed informed and up-to-date about all the care they received at home in the last 2 months.

Source

Home Care Survey

Calculations

This indicator is based on respondents who receive services from more than one person. This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: In the last 2 months, how often did home support workers seem informed and upto-date about all the care you received at home?
