About

This indicator is the percentage of citizens receiving home care services from home support workers who rate their health as excellent or very good.

Source

Home Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "excellent or very good" by the number of respondents who answered "poor, fair, good, very good or excellent" to the question: In general, how would you rate your overall health?

Unit	Interpretation	NBHC code
%	Higher is better	HS_HEP01_1
