### About

This indicator is the percentage of citizens receiving home care services from home support workers who reported that it was very easy or somewhat easy to receive information before they started receiving their services.

### Source

Home Care Survey

### Calculations

This indicator is calculated by dividing the number of respondents who answered "somewhat easy or very easy" by the number of respondents who answered "very difficult, somewhat difficult, somewhat easy or very easy" to the question: Before you started receiving home support services, how easy or difficult was it to receive information about these services in New Brunswick?
