## About

This indicator is the percentage of citizens receiving home care services from home support workers who reported that the services were scheduled at a time that was convenient for them in the last 2 months.

## Source

Home Care Survey

## Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, rarely, sometimes, most of the time or always" to the question: In the last 2 months, how often were your home support visits scheduled at a time that was convenient for you?
