<b>Household income</b>	
Less than \$25,000	8.5
\$25,000 to less than \$60,000	6.2
\$60,000 or more	3.3

## About

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program who reported that they needed services in the last 2 months but there were limits, reductions or cancelled visits due to the COVID-19 pandemic.

## Source

Home Care Survey

## Calculations

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: In the last 2 months, have you needed Extra-Mural services but there were limits, reductions or cancelled visits due to the COVID-19 pandemic?

## Notes

The 2021 edition of the Home Care Survey was conducted during the COVID-19 pandemic. While the pandemic did not influence the survey's response rate, users are advised to use the survey data with caution, especially when creating estimates for small sub-populations or when comparing it to other editions of the survey.
