About

This indicator is the percentage of citizens receiving home care services from more than one person from the Extra-Mural Program who reported that the staff always seemed informed and up-to-date about all the care or treatment they received in the last 2 months.

Source

Home Care Survey

Calculations

This indicator is based on respondents who receive services from more than one person. This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: In the last 2 months, how often did Extra-Mural staff seem informed and up-to-date about all the care or treatment you got at home?
