Citizens receiving home care services from the Extra-Mural Program and...

New Brunswick Health Council | Conseil de la santé du Nouveau-Brunswick

About

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program and from an informal caregiver who reported that a friend, family member or volunteer helped them with their home care two or three times a month in the last 2 months.

Source

Home Care Survey

Calculations

This indicator is based on respondents who receive help from informal caregivers. This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: In the last 2 months of care, how often did you receive help with your home care from a friend, family member or volunteer: two or three times a month
