About

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program who reported that they have no language preference when receiving services.

Source

Home Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "no preference" by the number of respondents who answered "English, French or no preference" to the question: You have the right to be served in either English or French. Of these two languages, which is your preference?
