## About

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program who reported that when they first started receiving services, someone from the program talked with them about all the medications they were taking.

## Source

Home Care Survey

## Calculations

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: When you first started receiving Extra-Mural services, did someone from the program talk with you about all the prescription and over-the-counter medicines you were taking?
