About

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program who reported that when they first started receiving services, someone from the program asked to see all the medications they were taking.

Source

Home Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: Did someone from the program ask to see all the prescription and over-the-counter medicines you were taking?
