## **About**

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program who reported that the services received helped them stay at home in the last 2 months.

#### Source

Home Care Survey

## **Calculations**

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: Thinking of the home care services you got through this program in the last 2 months, did these services help you stay at home?
