**About**

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program who reported that more could have been done to help them stay at home in the last 2 months.

**Source**

Home Care Survey

**Calculations**

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: Thinking of the services you received from the Extra-Mural Program in the last 2 months, is there anything else that could have been done to help you stay at home?
