Anglophone South School District	81.6
Anglophone West School District	81.3
Anglophone sector	82.3

About

This indicator is the percentage of students in grades 4 and 5 who report it is sort of true or really true that they have choices in how they show what they have learned.

Source

Department of Education and Early Childhood Development

Calculations

This indicator is calculated by dividing the number of respondents who answered "sort of true for me or really true for me" by the number of respondents who answered "really false for me, sort of false for me, sort of true for me or really true for me" to the question: How are things going for you at school? Pick the answer below that best describes how true each statement is for you this school year. b) I have choices in how I show what I have learned

Notes

This indicator is based on a survey question for students in New Brunswick's Anglophone schools. Survey results are only available for the Anglophone sector and Anglophone school districts.
