Calculations

This indicator is calculated by dividing the number of respondents who answered "at least once every day or many times each day" by the number of respondents who answered "not at all, one or twice, on most days, at least once every day or many times each day" to the question: In the past two weeks, how often did the following things happen in school? b) I worked with a partner, or in a small group

Notes

This indicator is based on a survey question for students in New Brunswick's Anglophone schools. Survey results are only available for the Anglophone sector and Anglophone school districts.
