Parent or guardian is physically active % 2023-2024	84.7	86.4	86.3
Parent or guardian eats healthy food % 2023-2024	98.0	97.0	96.9

Community	Zone 2	Province
Sussex, Norton, Sussex Corner Area	Fundy Shore and Saint John Area	New Brunswick

School

School connectedness

A sense of school connectedness can support students in making healthy choices. Below are students reporting “A lot like me”.

High level of school connectedness % 2022-2023	62.8	62.3	60.3
I feel close to people at my school % 2022-2023	44.8	45.8	44.9
I feel I am part of my school % 2022-2023	54.0	57.5	58.8
I am happy to be at my school % 2022-2023	67.1	65.8	63.3
I feel the teachers at my school treat me fairly % 2022-2023	73.0	70.9	68.0
I feel safe in my school % 2022-2023	70.8	71.9	69.6

Learning

Engages in leisure reading % 2023-2024	77.7	79.1	78.3
--	------	------	------

About this Table

Content and description

This table presents data collected from students in grades 4 and 5 through the New Brunswick Student Wellness and Education Survey (SWES). It contains self-reported information regarding demographic characteristics, social and emotional development, healthy lifestyles, and school.

The questionnaire comprises modules, which means that certain questions are asked every other cycle.

Why it is important

Only when we understand who our students are and what their needs are can we better plan for services and allocate resources to meet their health and educational needs.

Availability of the data

The information in this data table is available by school district, school sector and overall New Brunswick, by the seven (7) New Brunswick health zones and 33 communities created by the NBHC, as well as by demographic groups. More information is available on our [New Brunswick Student Wellness and Education Survey](#) page.

Note about demographic groups:

In 2023, the NBHC undertook a review of the demographic questions in its surveys to more accurately report on the experience of citizens who identify with particular groups. As such, starting in 2024, all demographic groups (characteristics) have been adjusted to reflect this change. Data tables and indicator pages were adjusted to allow for trending where applicable.
