District scolaire francophone Nord-Est	**41.7**
District scolaire francophone Nord-Ouest	**38.7**
District scolaire francophone Sud	**48.0**
Francophone sector	**44.4**

About

This indicator is the percentage of parents of students in grades K to 5 who are aware of the Healthier Food and Nutrition Public School policy.

Source

Student Wellness and Education Survey, Grades 4-5

Calculations

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: Are you aware of the ''Healthier Food and Nutrition in Public Schools'' policy (Policy 711)?

Notes

Due to the very low response rate for the 2022-2023 parent questionnaire, survey results are deemed to be not representative of the overall student and parent population. Therefore, results at the school, district, sector, and provincial levels are not to be used for planning or comparing to previous editions of the survey. Some schools will not receive their K to 5 results due to the extremely low number of parents who responded.
