About

This indicator is the percentage of students in grades K to 5 who have a learning exceptionality or special education need, based on the choices provided on the questionnaire, as reported by a parent. THIS INDICATOR HAS BEEN DISCONTINUED AND REPLACED WITH "SA_DIS01_1".

Source

Student Wellness and Education Survey, Grades 4-5

Calculations

This indicator is calculated by dividing the number of respondents who selected "yes, to at least 1 of the 12 response options" by the "total number of respondents" to the question: Has your child received any of the following diagnoses? If so, please select which one(s).

Notes

Due to the very low response rate for the 2023-2024 parent questionnaire, survey results are deemed to be not representative of the overall student and parent population. Therefore, results at the school, district, sector, and provincial levels are not to be used for planning or comparing to previous editions of the survey. Some schools will not receive their K to 5 results due to the extremely low number of parents who responded.
