District scolaire francophone Sud	12.3	9.0	7.0
Francophone sector	16.0	11.9	12.9

About

This indicator is the percentage of parents or guardians of students in grades K to 5 who reported that they smoke or live with someone who smokes.

Source

Student Wellness and Education Survey, Grades 4-5

Calculations

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: Do you or any people you live with smoke or use tobacco?

Notes

Due to the very low response rate for the 2023-2024 parent questionnaire, survey results are deemed to be not representative of the overall student and parent population. Therefore, results at the school, district, sector, and provincial levels are not to be used for planning or comparing to previous editions of the survey. Some schools will not receive their K to 5 results due to the extremely low number of parents who responded.
