**About**

This indicator is the percentage of acute care patients who reported that they always received the support they needed to help with any anxieties, fears or worries.

**Source**

Hospital Acute Care Survey

**Calculations**

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: Did you get the support you needed to help you with any anxieties, fears or worries you had during this hospital stay?
