## About

This indicator is the percentage of acute care patients who reported that doctors always explained things in a way they could understand.

## Source

Hospital Acute Care Survey

## Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: During this hospital stay, how often did doctors explain things in a way you could understand?

Unit	Interpretation	NBHC code
%	Higher is better	AC_CWD03_1
