About

This indicator is a composite percentage score, based on 3 individual questions in the survey, that represents how well doctors communicated with acute care patients.

Source

Hospital Acute Care Survey

Calculations

This indicator is calculated by dividing the total number of 'always' responses to the questions 'During this hospital stay, how often did doctors treat you with courtesy and respect?', 'During this hospital stay, how often did doctors listen carefully to you?' and 'During this hospital stay, how often did doctors explain things in a way you could understand?', by the total number of responses given as 'always, usually, sometimes or never' for these 3 questions.

Unit	Interpretation	NBHC code
