#### **About**

This indicator is the percentage of citizens without a primary care provider who consulted with a pharmacist the last time they needed medical care in the last 12 months.

## Source

Primary Health Survey and Primary Care Survey

## **Calculations**

This indicator is based on respondents who do not have a family doctor or a nurse practitioner. This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: In the last 12 months, thinking of the last time you needed medical care, did you use any of the following services? f) Consultation with a pharmacist

Unit NBHC code % PC\_NODPY\_1
