About

This indicator is the percentage of citizens without a primary care provider who used Tele-Care 811 the last time they needed medical care in the last 12 months.

Source

Primary Health Survey and Primary Care Survey

Calculations

This indicator is based on respondents who do not have a family doctor or a nurse practitioner. This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: In the last 12 months, thinking of the last time you needed medical care, did you use any of the following services? e) Tele-Care 811
