| <b>Racialized groups</b>               |              |              |
| Racialized groups                      | 35.3         | n/a          |

**About**

This indicator is the percentage of citizens who reported that they had a virtual care consultation in the last 12 months.

**Source**

Primary Health Survey and Primary Care Survey

**Calculations**

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: In the last 12 months, did you have a virtual consultation for your own personal medical care?
