About

This indicator is the percentage of citizens whose last virtual consultation who agree or strongly agree that their health concerns or problems were addressed successfully during their last virtual consultation.

Source

Primary Health Survey and Primary Care Survey

Calculations

This indicator is based on respondents who had a virtual care consultation in the last 12 months. This indicator is calculated by dividing the number of respondents who answered "agree or strongly agree" by the number of respondents who answered "strongly disagree, disagree, neither agree nor disagree, agree or strongly agree" to the question: Thinking of the last time you had a virtual consultation, please tell us how much you agree or disagree with the following statements: My health concerns or problems were addressed successfully.

Unit	Interpretation	NBHC code
%	Higher is better	PC_VIR06_1
