About

This indicator is the percentage of citizens without a primary care provider who reported that they used Tele-Care 811 when they needed medical care in the last 12 months.

Source

Primary Health Survey and Primary Care Survey

Calculations

This indicator is based on respondents who do not have a family doctor or a nurse practitioner. This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: Thinking of the last 12 months, did you use any of the following services when you needed medical care? e) Tele-Care 811
