About

This indicator is the percentage of citizens without a primary care provider who reported that they are registered with NB Health Link.

Source

Primary Health Survey and Primary Care Survey

Calculations

This indicator is based on respondents who do not have a family doctor or a nurse practitioner. This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: Are you registered with NB Health Link that gives you access to consultations with a temporary family doctor or nurse practitioner?
