# **About this Table**

### Content and description

This table presents data collected from students in grades 6 to 12 through the New Brunswick Student Wellness and Education Survey (SWES). It contains self-reported information regarding key protective and risk factors and mental health outcomes of New Brunswick students in grades 6 to 12. The questionnaire comprises modules, which means that certain questions are asked every other cycle.

#### Why it is important

Only when we understand who our students are and what their needs are can we better plan for services and allocate resources to meet their health and educational needs.

#### Availability of the data

The information in this data table is available for New Brunswick and by the 33 communities created by the NBHC. More information is available on our <a href="New Brunswick Student Wellness">New Brunswick Student Wellness</a> and <a href="Education Survey">Education Survey</a> page.
