## About

This indicator is the percentage of acute care patients who reported that their transfer from the emergency room to a hospital bed was completely organized.

## Source

Hospital Acute Care Survey

## Calculations

This indicator is based on respondents who were admitted through the emergency department. This indicator is calculated by dividing the number of respondents who answered "completely" by the number of respondents who answered "not at all, partly, quite a bit or completely" to the question: Was your transfer from the emergency department into a hospital bed organized?
