## About

This indicator is the percentage of acute care patients who reported that they always received the information they needed about their condition and treatment.

## Source

Hospital Acute Care Survey

## Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: During this hospital stay, did you get all the information you needed about your condition and treatment?

| Unit | Interpretation | NBHC code |
|------|----------------|-----------|
