About

This indicator is the percentage of acute care patients who reported that they always received the support they needed to help with any anxieties, fears or worries.

Source

Hospital Acute Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: Did you get the support you needed to help you with any anxieties, fears or worries you had during this hospital stay?

Unit	Interpretation	NBHC code
