About

This indicator is the percentage of acute care patients who reported that the visiting hours for family or friends always met their needs.

Source

Hospital Acute Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: During this hospital stay, did the visiting hours for your family/friends meet your needs?

Unit	Interpretation	NBHC code
%	Higher is better	AU_APP06_1
