About

This indicator is the percentage of acute care patients who reported that they felt there was always good communication about their care between doctors, nurses and other hospital staff.

Source

Hospital Acute Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: Do you feel that there was good communication about your care between doctors, nurses and other hospital staff?

Unit	Interpretation	NBHC code
%	Higher is better	AU_CRD01_1
