About

This indicator is the percentage of acute care patients who reported that doctors, nurses and other hospital staff always seemed informed and up-to-date about their care.

Source

Hospital Acute Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: How often did doctors, nurses and other hospital staff seem informed and up-to-date about your hospital care?

Unit	Interpretation	NBHC code
