## About

This indicator is the percentage of acute care patients who reported that doctors, nurses and other hospital staff always seemed informed and up-to-date about their care.

## Source

Hospital Acute Care Survey

## Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: How often did doctors, nurses and other hospital staff seem informed and up-to-date about your hospital care?
