About

This indicator is the percentage of acute care patients who rated their overall mental or emotional health as excellent or very good.

Source

Hospital Acute Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "excellent or very good" by the number of respondents who answered "poor, fair, good, very good or excellent" to the question: In general, how would you rate your overall mental or emotional health?

Unit	Interpretation	NBHC code
%	Higher is better	AU HEP02 1
