About

This indicator is the percentage of acute care patients who reported that they felt they were treated unfairly during their hospital stay.

Source

Hospital Acute Care Survey

Calculations

This indicator is calculated by dividing the number of respondants who said 'yes, to at least 1 of the 10 responses options' by the number of respondents who said ' yes or no' to the following response options: your age, your gender identity, your sexual identity (heterosexual, lesbian, gay, bisexual), your race or cultural background, your income level, or how much money you appear to have, your physical appearance (such as clothing, weight), your habits (such as smoking, use of drugs or alcohol), a mental health condition, a physical disability, your language and other reasons, please specify, at the question: During this hospital stay, did you feel you were treated unfairly for any of the following reason?
