About

This indicator is the percentage of acute care patients who reported that their preferred language was properly identified when they arrived at the hospital.

Source

Hospital Acute Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "yes" by the number of respondents who answered "yes or no" to the question: When you first arrived at the hospital, was your preferred language properly identified?

Unit	Interpretation	NBHC code
%	Higher is better	AU_LOS02_1
