## About

This indicator is the percentage of acute care patients who reported that they always received services in their preferred language (English or French).

## Source

Hospital Acute Care Survey

## Calculations

This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: During this hospital stay, how often did you receive services in your preferred language?

---

Unit	Interpretation	NBHC code
%	Higher is better	AU_LOS03_3
