## About

This indicator is the percentage of average resilience score of students in grades 6 to 12 (based on 17 questions, using a scale from 1 to 3, where a higher score represents a higher level of resilience).

#### Source

Student Wellness and Education Survey - Grades 6-12

#### Calculations

This indicator is calculated by doing the 'sum of the values provided by the respondents' divided by 'the total number of respondents' for 17 separate questions measuring resilience. The response options for these 17 questions are: no, sometimes and yes

#### Notes

Due to an update of the resilience scale, this indicator has replaced the following indicator(s) previously available on our website: SH\_RESTS\_1. Users are advised to exercise caution if comparing data from the community of Grand Bay-Westfield, Westfield, Greenwich Area to other New Brunswick communities. The data for the community of Grand Bay-Westfield, Westfield, Greenwich Area is based on students in grades 6 to 8, while data from the other communities are based on students in grades 6 to 12. Survey results are assigned to communities based on the location of the school. The community of Grand Bay-Westfield, Westfield, Greenwich Area does not have any schools with grades 9 to 12.

Unit Interpretation

Higher is better
