About

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program who agree or strongly agree that their informal caregivers received the information they wanted when they needed it in the last 12 months.

Source

Home Care Survey

Calculations

This indicator is calculated by dividing the number of respondents who answered "agree or strongly agree" by the number of respondents who answered "strongly disagree, disagree, neutral, agree or strongly agree" to the question: My family or friends who help me with my care were given the information that they wanted when they needed it.

Notes

This indicator has replaced the following indicator(s) previously available on our website: XM_APPRI_1

Unit	Interpretation	NBHC code
%	Higher is better	XM_APPRI_2
