About

This indicator is the percentage of citizens receiving home care services from the Extra-Mural Program and from an informal caregiver who reported that a friend or volunteer helped them the most with their home care in the last 2 months.

Source

Home Care Survey

Calculations

This indicator combines the responses to the following 2 individual questions about the help received:: In the last 2 months, who has helped you the most with your home care: "1. A friend (yes/no)", "2. A volunteer (yes/no)". This indicator is calculated by dividing the number of respondents who answered "yes" to at least one of the separate questions by the total number of respondents.
