## About

This indicator is the percentage of citizens with a preference for French who reported that they always received home care services in French during their interactions with the staff from the Extra-Mural Program the last 2 months.

## Source

Home Care Survey

## Calculations

This indicator is based on respondents who have a preference for services in French. This indicator is calculated by dividing the number of respondents who answered "always" by the number of respondents who answered "never, sometimes, usually or always" to the question: During your interaction(s) with home support services in the last 2 months, how often did you receive the services in the language you preferred?

## Notes

This indicator has replaced the following indicator(s) previously available on our website:
